EXECUTIVE SUMMARY

Deliverable 1.6. Overview of Events collects information (title, date, location, content, call and changes by the Covid-19) on significant events (conferences, seminars, workshops) which will be organised by the project as well as external events that can be of interest. The external events collected are not related directly to the ETHNA System project. They are events that due to their subject matter and content could be of interest to the consortium members, so they are informed of them through this document. These events are also included in the agenda section of the ETHNA System website to facilitate information to people who may be interested in these topics. ETHNA System project will provide a report containing this information each reporting period, and this would be coordinated and integrated in the dissemination Plan.

For the elaboration of the overview of events, the collaboration of all the partners has been requested, elaborating a joint working document. The information is collected in this deliverable in table form. In order to facilitate consultation, the events are also listed in the events section of the website.

The first Overview of Events was submitted by M3. The second Overview of Events was delivered on M15 and the third will be submitted on M42.

Overview of events table

Title	Dates	Location	Content extracted from the event website	Registration Deadline	Changes by the Covid-19
Research Ethics Conference 2023	July 6-7, 2023	Bath, UK	<p>The upcoming conference, REC2023: (Re)Framing Ethics, will bring together academics, civil servants, industry workers, and more to open an interdisciplinary and inclusive conversation around the ever-present role of ethics in our work. The broad aim of the conference is to help move from conceiving of ethics a 'tick box' exercise to a fluid, complex, and continuous process that touches upon every stage of our research and work. The first day will feature paper presentations, whilst the second will involve a range of practical activities: workshops, training sessions, and much more.</p> <p>Link for more information: https://www.ethics-association.org/rec2023</p>	Registration is now closed.	
9th European Conference on Ethics and Integrity in Academia (ECEIA)	July 12-14, 2023	Derby (hybrid)	<p>The conference with the main theme "Enhancing ethical practice, professionalism and integrity for future development" is jointly organised by the European Network for Academic Integrity (ENAI) and the School of Human Sciences of the University of Derby (UoD).</p> <p>The semi-hybrid conference will run mainly as a face-to-face event with opportunities to listen to all keynote speeches online as well as to deliver or join online to selected sessions.</p> <p>Link for more information: https://www.derby.ac.uk/events/latest-events/eceia-conference/</p>	Registration is not open yet	
ENRIO 2023	September 7-8, 2023	Paris, France	<p>The ENRIO 2023 Congress on Research Integrity Practice is the second session of a European congress series that brings experts together to critically explore and develop research integrity practices. The aim is to work towards an increasingly responsible European research culture. ENRIO 2023 is organised by the European Network of Research Integrity Offices (ENRIO), the French Office for Research Integrity (Ofis) and Sorbonne University in Paris, France.</p> <p>Link for more information: https://premc.org/enrio2023/</p>	20 th August 2023	
EACME ANNUAL CONFERENCE 2023	September 14-16, 2023	Warsaw, Poland	<p>In recent years, the world has experienced profound disruptions: the climate crisis, a pandemic, wars and armed conflicts, mass migrations, disinformation and fake news, as well as subversions of democracy. The 2023 annual EACME Conference in Warsaw, Poland, will be a</p>	n/a	

			<p>forum for reflection on these global and intersecting challenges to bioethics, human rights, and democracy. We would like to engage the participants in a debate on the central topics of our time that demand a reasoned, rigorous and open discussion.</p> <p>Link for more information: https://eacmeweb.com/events/</p>		
8th World Conference on Research Integrity	June 2-4, 2024	Athens, Greece	<p>The biannual WCRI's cater for all disciplinary fields, all professional ranks, and all career stages, and involve all stakeholders in research integrity, including universities, research institutes, research funders, publishers, and governments. The conferences are lively and interactive, and the program consists of a mix of research findings, reflection and policy development. The 8th WCRI will put thematic emphasis on Catalysing the translation of research into trustworthy policy and innovation.</p> <p>Link for more information: https://www.wcrif.org/conferences/8th-wcri-athens-2024</p>	TBD
